Contents

VOLUME 9, NUMBER 1, JANUARY 1995
Published 3 January 1995

N. P. French, R. Wall and K. L. Morgan
The seasonal pattern of sheep blowfly strike in England and Wales 1–8

T. Q. Hoc and G. A. Schaub
Ovariolar 'basal body' development and physiological age of the mosquito *Aedes aegypti* 9–15

T. Q. Hoc and T. J. Wilkes
Age determination in the blackfly *Simulium woodi*, a vector of onchocerciasis in Tanzania 16–24

D. R. Rao, R. Reuben and B. A. Nagasampagi
Development of combined use of neem (*Azadirachta indica*) and water management for the control of culicine mosquitoes in rice fields 25–33

M. Charalambous, A. J. Shelley, A. J. Dos Santos Grácio and J. N. Raybould
Cytogenetic analysis of the *Simulium damnosum* complex (Diptera: Simuliidae) in Guinea Bissau 34–42
(Corrections, p. 330)

J. E. Miller, S. W. Lindsay, J. R. M. Armstrong Schellenberg, J. Adiamah, M. Jawara and C. F. Curtis
Village trial of bednets impregnated with wash-resistant permethrin compared with other pyrethroid formulations 43–49

S. W. Lindsay, J. R. M. Armstrong Schellenberg, H. A. Zeiler, R. J. Daly, F. M. Salum and H. A. Wilkins
Exposure of Gambian children to *Anopheles gambiae* malaria vectors in an irrigated rice production area 50–58

G. W. Levot, P. W. Johnson, P. B. Hughes, K. J. Powis, J. C. Boray and K. L. Dawson
Pyrethroid resistance in Australian field populations of the sheep body louse, *Bovicola (Damalinia) ovis* 59–65

Dave D. Chadee, Philip S. Corbet and Helen Talbot
Proportions of eggs laid by *Aedes aegypti* on different substrates within an ovitrap in Trinidad, West Indies 66–70

Bradley A. Mullens, Walter J. Tabachnick, Frederick R. Holbrook and Lee H. Thompson
Effects of temperature on virogenesis of bluetongue virus serotype 11 in *Culicoides variipennis sonorensis* 71–76

Martin J. R. Hall, Robert Farkas, Ferenc Keleman, Matthew J. Hosier and Jamal El-Khoga
Orientation of agents of wound myiasis to hosts and artificial stimuli in Hungary 77–84

Douglas D. Cowell and Philip J. Scholl
Cuticular sensilla on newly hatched larvae of *Gasterophilus intestinalis* and *Oestrus ovis* 85–93

Short Communications

J. A. Bisset, E. Ortiz, M. Rodriguez and J. Hemingway
Comparison of microtitre plate and filter-paper assays of elevated esterase-based resistance frequencies in field and laboratory populations of the mosquito *Culex quinquefasciatus* from Cuba 94–97

L. J. Fourie and D. J. Kok
A quantitative study on preprandial insemination in the Karoo paralysis tick *Ixodes rubicundus* (Acari: Ixodidae) 98–99

Announcement 97

VOLUME 9, NUMBER 2, APRIL 1995
Published 3 April 1995

P. J. McCall
Oviposition aggregation pheromone in the *Simulium damnosum* complex 101–108

J. W. Hargrove and B. G. Williams
A cost–benefit analysis of feeding in female tsetse 109–119

I. J. East, P. G. Allingham, R. J. Bunch and J. Matheson
Isolation and characterization of a trypsin-like enzyme from the buffalo fly, *Haematobia irritans exigua* 120–126

M. M. Cameron, P. J. M. Milligan, A. Llanos-Cuentas and C. R. Davies
An association between phlebotomine sandflies and aphids in the Peruvian Andes 127–132

F. Dusbábek, I. Borský, F. Jelínek and J. Uhlíř
Immunosuppression and feeding sucess of *Ixodes ricinus* nymphs on BALB/c mice 133–140

D. C. CHAVASSE, J. D. LINES, K. ICHIMORI and J. MARIJANI
Mosquito control in Dar es Salaam. I. Assessment of *Culex quinquefasciatus* breeding sites prior to intervention 141–146

D. C. CHAVASSE, J. D. LINES, K. ICHIMORI, A. R. MAJALA, J. N. MINJAS and J. MARIJANI
Mosquito control in Dar es Salaam. II. Impact of expanded polystyrene beads and pyriproxyfen treatment of breeding sites on *Culex quinquefasciatus* densities 147–154

STEVE MIHOK, CHRISTOPHER MACHIKA, NAFISA DARJI, ERASTUS H. KANG'ETHE and LEONARD H. OTIENO
Relationships between host blood factors and proteases in *Glossina morsitans* subspecies infected with *Trypanosoma congolense* 155–160

J. P. SPRADBERY, R. J. MAHON, R. MORTON and R. S. TOZER
Dispersal of the Old World screw-worm fly *Chrysomya bezziana* 162–168

S. POOPATHI and D. RAGHUNATHA RAO
Pyrethroid-impregnated hessian curtains for protection against mosquitoes indoors in South India 169–175

JON C. HOGG and HILARY HURD
Malaria-induced reduction of fecundity during the first gonotrophic cycle of *Anopheles stephensi* mosquitoes 176–180

M. ZAIM, A. V. MANOUCHEHRI, M. MOTABAR, A. M. EMADI, M. NAZARI, K. PAKDAD, M. H. KAYEDI and G. MOWLAII
Anopheles culicifacies in Baluchistan, Iran 181–186

C. VILLARREAL, M. H. RODRIGUEZ, D. N. BOWN and J. I. ARREDONDO-JIMÉNEZ
Low-volume application by mist-blower compared with conventional compression sprayer treatment of houses with residual pyrethroid to control the malaria vector *Anopheles albimanus* in Mexico 187–194

MARIA EUGENIA GRILLET, ROBERTO BARRERA and JAN CONN
Simulium metallicum cytospecies E larval habitat characterization in the Altamira focus of onchocerciasis, northern Venezuela 195–201

Short Communications

S. K. MOLOO and I. O. OKUMU
A comparison of susceptibility to stocks of *Trypanosoma vivax* of *Glossina pallidipes* from allopatric populations in Kenya 202–204

J. HALOUZKA, Z. JUŘICOVA, L. MÁTLOVÁ and Z. HUBÁLEK
Borreliae in larval *Ixodes ricinus* ticks 205–206

HANS A. MEJLON, THOMAS G. T. JAENSON and THOMAS N. MATHER
Evaluation of host-targeted applications of permethrin for control of *Borrelia*-infected *Ixodes ricinus* (Acari: Ixodidae) 207–210

A. WARBURG and P. F. PIMENTA
A cytoplasmic polyhedrosis virus in the phlebotomine sandfly *Lutzomyia longipalpis* 211–213

A. BLACKWELL, M. BROWN and W. MORDUE
The use of an enhanced ELISA method for the identification of *Culicoides* bloodmeals in host-preference studies 214–218

VOLUME 9, NUMBER 3, JULY 1995
Published 3 July 1995

J. G. C. HAMILTON and D. E. SONENSHINE
The effect of female body size on male mounting behaviour in *Dermacentor variabilis* and *D.andersoni* 219–223

S. K. MOLOO, E. ZWEYGARTH and C. L. SABWA
A comparison of susceptibility to stocks of *Trypanosoma simiae* of *Glossina pallidipes* originating from allopatric populations in Kenya 224–228

E. S. KRAFSUR
Analysis of gene flow in North American face fly (*Musca autumnalis*) populations 229–234

R. G. EVANS, A. SUNLEY, C. BRADFORD and R. I. PATMORE
Effects of fenoxycarb on development and reproduction of the Oriental cockroach, *Blatta orientalis* 235–240

C. R. DAVIES, R. R. LANE, P. VILLASECA, S. PYKE, P. CAMPOS and A. LLANOS-CUENTAS
The relationship between CDC light-trap and human-bait catches of endophagic sandflies (Diptera: Psychodidae) 241–248

JONATHAN R. DAVIS, THOMAS HALL, ELSBETH M. CHEE, AHMED MAJALA, JAPHET MINJAS and CLIVE J. SHIFF
Comparison of sampling anopheline mosquitoes by light-trap and human-bait collections indoors at Bagamoyo, Tanzania 249–255

C. J. SHIFF, J. N. MINJAS, T. HALL, R. H. HUNT, S. LYIMO and J. R. DAVIS
Malaria infection potential of anopheline mosquitoes sampled by light trapping indoors in coastal Tanzanian villages 256–262

M. M. CAMERON, F. A. C. PESSOA, A. W. VASCONCELOS and R. D. WARD
Sugar meal sources for the phlebotomine sandfly *Lutzomyia longipalpis* in Ceará State, Brazil 263–272 (Corrigendum, p. 376)

B. ALEXANDER, M. C. USMA, H. CADENA, B. L. QUESADA, Y. SOLARTE, W. ROA, J. MONTOYA, C. JARAMILLO and B. L. TRAVI
Phlebotomine sandflies associated with a focus of cutaneous leishmaniasis in Valle del Cauca, Colombia 273–278

B. ALEXANDER, M. C. USMA, H. CADENA, B. L. QUESADA, Y. SOLARTE, W. ROA and B. L. TRAVI
Evaluation of deltamethrin-impregnated bednets and curtains against phlebotomine sandflies in Valle del Cauca, Colombia 279–283

M. L. WARNES
Field studies on the effect of cattle skin secretion on the behaviour of tsetse 284–288

YIGAL RECHAV and LAURA J. FIELDEN
The effect of host resistance on the metabolic rate of engorged females of *Rhipicephalus evertsi evertsi* 289–292

LISA A. PATRICIAN and SANDRA A. ALLAN
Laboratory evaluation of desiccants and insecticidal soap applied to various substrates to control the deer tick *Ixodes scapularis* 293–299

MARTIN KAVALIERS and DOUGLAS D. COLWELL
Exposure to stable flies reduces spatial learning in mice: involvement of endogenous opioid systems 300–306

D. L. BERKVENS, R. G. PEGRAM and J. R. A. BRANDT
A study of the diapausing behaviour of *Rhipicephalus appendiculatus* and *R.zambeziensis* under quasi-natural conditions in Zambia 307–315

A. E. P. MNZAVA, R. T. RWEGOSHORA, T. J. WILKES, M. TANNER and C. F. CURTIS
Anopheles arabiensis and *An.gambiae* chromosomal inversion polymorphism, feeding and resting behaviour in relation to insecticide house-spraying in Tanzania 316–324

M. S. CUPP, E. W. CUPP, J. O. OCHOA-A and J. K. MOULTON
Salivary apyrase in New World blackflies (Diptera: Simuliidae) and its relationship to onchocerciasis vector status 325–330

T. P. HEALY and M. J. W. COPLAND
Activation of *Anopheles gambiae* mosquitoes by carbon dioxide and human breath 331–336

Short Communications
R. G. PEGRAM, S. K. HARGREAVES and D. L. BERKVENS
Tick control: a standardized terminology 337–338

R. CHALK and P. J. HAM
Improved medium for *Aedes aegypti* tissue culture 339–340

K. G. I. JAYAWARDENA and J. HEMINGWAY
Cystein residues modify the electrophoretic mobility of amplified esterases associated with insecticide resistance in *Culex* mosquitoes 341–342

Corrections 330

VOLUME 9, NUMBER 4, OCTOBER 1995
Published 20 October 1995

Editorials 343, 432

SEAN HEWITT, MARK ROWLAND, NASIR MUHAMMAD, MUHAMMAD KAMAL and ELIZABETH KEMP
Pyrethroid-sprayed tents for malaria control: an entomological evaluation in Pakistan 344–352

K. Alagaratnam Srikrishnaraj, Ranjan Ramasamy and Manthri S. Ramasamy
Antibodies to *Anopheles* midgut reduce vector competence for *Plasmodium vivax* malaria 353–357

R. Martín Hernández, C. Cuellar del Hoyo, A. S. Olmeda Garcia and Rodríguez Rodríguez
Analysis of stage-specific and shared antigens derived from *Rhipicephalus sanguineus* by electrophoresis and Western blotting 358–364

S. K. Moloo and R. H. Gooding
A comparison of *Glossina morsitans centralis* originating from Tanzania and Zambia, with respect to vectorial competence for pathogenic *Trypanosoma* species, genetic variation and inter-colony fertility 365–371

Dave D. Chadee, R. Ganesh, J. O. Hingwan and E. S. Tikasingh
Seasonal abundance, biting cycle and parity of the mosquito *Haemagogus leucocelaenus* in Trinidad, West Indies 372–376

N. Becker, M. Zgomba, D. Petric and M. Ludwig
Comparison of carbon dioxide, octenol and a host-odour as mosquito attractants in the Upper Rhine Valley, Germany 377–380

M. Renshaw, J. B. Silver and M. W. Service
Differential lipid reserves influence host-seeking behaviour in the mosquitoes *Aedes cantans* and *Aedes punctor* 381–387

John G. Stoffolano, Jr, Mei-Fang Li, James A. Sutton, Jr and Chih-Ming Yin
Faeces feeding by adult *Phormia regina* (Diptera: Calliphoridae): impact on reproduction 388–392

Ronald A. Sherman and Julie My-Tien Tran
A simple, sterile food source for rearing the larvae of *Lucilia sericata* (Diptera: Calliphoridae) 393–398

Matthew Baylis and Albert L. Mbwabi
Effect of host packed cell volume on the bloodmeal size of male tsetse flies, *Glossina pallidipes* 399–402
